Services Email to Our Partners
March 20, 2020

To All Our Borrowers and Partners,

Enterprise Community Partners, our parent nonprofit company, has a vision that one day, every person will have an affordable home in a vibrant community, filled with promise and the opportunity for a good life. We at Bellwether Enterprise believe our role is capital on a mission to help fulfill this vision.

In a crisis like the COVID-19 pandemic, Enterprise and Bellwether believe the safety net of emergency services and financial assistance needs to be at its strongest. Many of you have residents, employees and commercial tenants who will need to access these services during the pandemic. Each city and each state are reacting with different options to confront COVID-19. At the same time, there are many ideas coming out of the White House, Capitol Hill, HUD, state capitals and local city halls.
